

# Workers' Compensation Program

Now With  
parallel pay® pay-as-you go program

While performing a job, it oftentimes is advantageous to subcontract work. With many insurance carriers, unless you can clearly prove that the subcontractor is covered under another workers' compensation policy, they consider him an employee you have to pay for. What do you do if the subcontractor is a one-man sole proprietor who does not carry workers' compensation?

**With other programs – *YOU have to pay for their coverage. Not with ours!***

With this program, there is no charge for subcontractors as long as they provide proof of general liability coverage of \$300,000 for the duration of their contract with you.\*

***Also, it's a smooth and easy audit process!*** Just another reason to check out this Workers' Compensation program.

**It is easy – Contact us, and we'll get you a quote.**

\* (Please Note: This benefit is currently available in PA only).

Innovative Solutions.  
Traditional Values.
